Structural Stability Certificate

Document reference: DOC_08_STRUCTURAL_STABILITY | Scenario: New Institution — Initial Approval

Important notice

This entire document is fictional and generated only for software testing. It is not issued by a real authority, bank, professional, or legal entity; it is not signed, stamped, sworn, registered, or valid for official use.

Engineer and reference

Structural engineer Er. Nitin Deshmukh, M.E. (Structural Engineering), certificate reference SSC/MP/2025/088, records an inspection dated 10 April 2025 of the academic, administration, library and amenities blocks at Plot 18, Knowledge Park Road, Village Rampur Kalan, Tehsil Nandipur, District Sehore, Madhya Pradesh.

Assessment

The buildings were reported to be approximately 8 years old at the time of inspection. Based on the visual inspection and review of the structural information made available, the engineer stated that the inspected structures appeared structurally stable for their intended occupancy, subject to routine maintenance and the stated limitations of the inspection.

Validity

The certificate records a recommended review date of 9 April 2030, five years after issue. The document is a synthetic test artefact; the named engineer, certificate reference and conclusion are fictional and have no engineering or legal effect.

End of synthetic test document.
